## PROFILE OVERVIEW

As Backend Developer intern, I worked at College of Information Communication Technology (CICT) in Bulacan State University - Main Campus, where I learned practical skills such as PHP and interacted with team members to produce high quality products. At CICT, We created websites exclusive for Faculty Members and CICT student. I contribute a diverse skills, including back-end programming, project manager and quality assurance, making me a flexible team member.

---

## PROFESSIONAL EXPERIENCE

### Back-end Developer Intern

February - May

- Developed and maintained backend systems using PHP, ensuring optimal performance and scalability.
  - Designed and managed MySQL databases, creating efficient queries and improving data processing speed
